

Year 2 – Autumn Term 2

I know the multiplication and division facts for the 2 times table

By the end of this half term, children should know the following facts. The aim is for them to recall these facts **instantly**.

2 x 1 = 2	2 ÷ 2 = 1
2 x 2 = 4	4 ÷ 2 = 2
2 x 3 = 6	6 ÷ 2 = 3
2 x 4 = 8	8 ÷ 2 = 4
2 x 5 = 10	10 ÷ 2 = 5
2 x 6 = 12	12 ÷ 2 = 6
2 x 7 = 14	14 ÷ 2 = 7
2 x 8 = 16	16 ÷ 2 = 8
2 x 9 = 18	18 ÷ 2 = 9
2 x 10 =20	20 ÷ 2 = 10
2 x 11 = 22	22 ÷ 2 = 11
2 x 12 = 24	24 ÷ 2 = 12

Key vocabulary

What is 2 multiplied by 7? What is 2 times 9? What is 12 divided by 2?

They should be able to answer these questions in any order, including missing number questions e.g. 8 x $_{-}$ = 16 or $_{-}$ ÷ 2 = 9

Top tips

The secret to success is practising little and often. Use time wisely. Can you practise these KIRFs while walking to school or during a car journey? You do not need to practise them all at once; perhaps you could have a fact of the day. If you would like more ideas, please speak to your child's teacher.

Practical resources

- Use what you already know If your child knows that $2 \ge 5 = 10$, they can use this fact to work out that $2 \ge 6 = 12$
- Test the Parent Your child can make up their own tricky division questions for you e.g.
 What is 18 divided by 2? They need to be able to multiply to create these questions.
