

Mullion Community Primary School

Well done and a big thank you to all those who contributed towards our magnificent fundraising total of £172 for Red Nose Day. The children looked fantastic in their red clothes and bright socks and a terrific time was had by all.

This week has been another action packed one with a Minack Theatre workshop for year 5, a final swimming session for year 2, Year 5 visited the Science Department at Mullion Secondary School and there was another enjoyable netball tournament for years 4, 5 and 6. The children have talked enthusiastically about their involvement and are obviously looking forward to new challenges.

We have another exciting week coming up with Year 6 attending a Pinhole Photography Workshop, KSI going on a trip to Helston Railway and an Easter Egg Hunt. Also, next week, the Headteacher interviews will take place and staff, Governors and children will very much be involved in the process.

A polite reminder to ensure the safety of our children

During drop off and pick, it is incredibly important that cars are not moving in and out of the carpark as this constitutes an obvious danger. Please don't use the school carpark as children need to enter and exit the school grounds safely. Many thanks for your cooperation.

A School Snapshot

This half term, Year 6 have written some fantastic extended, independent pieces and have been particularly inspired by the films and books we've based our writing around. One such piece was a recount, linked to our class book, Letters from the Lighthouse. Indah particularly enjoyed this piece - so much so, that she used the in-class writing to inspire her own, extended story, written at home. Her vocabulary, punctuation for effect and varied sentence structures are truly outstanding. Well done, Indah!

Writing:

Alma glanced back as the door swung shut. An uneasy silence had filled the room without the wistle of snow falling. She felt as if all the eyes in the room, belonging to the dolls, were watching her... waiting for something to happen. She turned back too where she thought her doll was. Gritting her teeth, Alma realised her clone had got away again. Eyes searching the room, she spotted her twin sat on one of the many shelves, sat amongst the many other dolls. An unerving knot of plastic limbs. Launching herself up onto a step, that conveniently had been put there, Alma stretched up, standing on the tip of her weather beaten boots, not even trying to fight the urge of touching her mysterious clone. As the stub of her finger touched the tiny peak of the model's tiny button nose she was hurled backwards... fast! She was hurled ^{forwards} backwards. Hurled in circles... hurled upside down. Alma was thrown into a void. A void of darkness... of nothingness... of emptiness. It was unbearable! It felt as if her insides had been yanked out and replaced by an awful howlowness, like a never-ending hunger for ~~ap~~ happiness.

A School Snapshot

Waves were privileged to welcome a team of actors from the Minack Theatre on Tuesday, to celebrate Shakespeare Week. The class were enthralled with their speedy depiction of Macbeth, and showed off their drama talents acting out scenes from the tragedy themselves. They also learnt all about the history of the Minack Theatre (it was created when the owner, Rowena Cade, blew a hole in her cliff face to create the stage) and Shakespeare himself (who apparently, left his wife his 'second' best bed when he died!) Who knew? We had a blast. Thank you Connie, Ed and Tim. We hope to see you all on the Minack stage ourselves one day.
