

# Accessibility Plan 2021 - 2022

Mullion School

An accessibility plan must show how school access is to be improved for pupils/students, staff and visitors with disabilities in a given timeframe. It must anticipate the need to make reasonable adjustments wherever practicable.

## Purpose of Plan

The purpose of this plan is to show how Mullion School intends, over time, to increase accessibility to the physical environment, the curriculum and written information so that all pupils/students with a disability can take full advantage of their education and associated opportunities.

## Definition of disability

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

## Key Aims

To increase and eventually ensure for pupils/students with a disability that they have:

- total access to our setting's environment, curriculum and information and
- full participation in the school community.

## Principles

- Compliance with the Equality Act is consistent with our setting's aims and equal opportunities policy and SEN information report.
- Our staff recognise their duty under the Equality Act:
  - Not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
  - Not to treat disabled pupils less favourably
  - To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
  - To publish an accessibility plan

- In performing their duties governors have regard to the Equality Act 2010
- Our setting
  - recognises and values the young person's knowledge/parents' knowledge of their child's disability
  - recognises the effect their disability has on his/her ability to carry out activities,
  - respects the parents' and child's right to confidentiality
- The setting provides all pupils with a broad and balanced curriculum that is differentiated, personalised and age appropriate.

### **Current access for disabled pupils to the school curriculum**

*This includes teaching and learning and the wider curriculum of the school such as participation in after school clubs, leisure and cultural activities or school visits.*

- All teachers at Mullion School are teachers of children with Special Educational Needs & Disabilities and as such follow our whole school approach, which adheres to a model of good practice.
- The National Curriculum is available to all pupils. Where pupils have Special Educational Needs & disabilities , a graduated response will be adopted. The curriculum will be appropriately differentiated to meet the needs of all pupils with disabilities.
- The curriculum is reviewed on a termly basis to ensure it meets the needs of all pupils.
- An Individual Provision Map is put into place where interventions or strategies are additional and/or different from those provided for the majority of pupils.
- An Educational Health and Care Plan will be sought for individual pupils who have significant need.
- School visits are planned to ensure that access to the learning environment is available to all including those with disabilities. Individual risk assessments are also planned and implemented to ensure all the needs of pupils are met to ensure safety and to be inclusive.
- After school clubs offer a range of activities across many of the school years. All clubs are inclusive and are available to all pupils including those with special educational needs and disabilities.
- Where external agencies deliver after school clubs it the responsibility of the school to liaise with those agencies to ensure every participant's needs are met and to check safety.

### **Current access and adaptations to the physical environment of the school**

- Mullion School is situated on one level and access to classes can be directly into the room through low threshold doors
- Adaptations to classrooms' physical environment e.g. Screens to limit distractions, provision of quiet time out spaces, carpeted teaching spaces to minimise noise, window blinds to limit glare.

- Advice sought from Hearing and Vision Support Service and Physical Disability Adviser to ensure that appropriate adaptations to the teaching environment are made.
- Disabled WC in KS1 and KS2 areas.
- Disabled parking bay.

### **Current delivery of written information to disabled pupils**

*This will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. Examples might include handouts, timetables, textbooks and information about school events. The information should take account of pupils' disabilities and pupils' and parents preferred formats and be made available within a reasonable time frame.*

- The school works in partnership with parents to ensure that communication is in a format that can be accessed by pupils and parents with a disability.
- The School uses a comprehensive range of communication methods to ensure information is accessible. This includes:
  - Internal signage
  - Large print resources
  - Use of IT and alternative communication methods
  - Pictorial or symbolic representation
  - Face-to-face meetings with pupils/parents
  - Adults to scribe parent/pupil viewpoint

### **Financial Planning and control**

The head teacher, SLT and the Trust's Finance team will review the financial implications of the accessibility plan as part of the normal budget review process.

### **Accessibility Action Plan-**

Access to the physical environment -					
Accessibility Outcome	Action to ensure Outcome	Who responsible	Long, medium or short-term	Time Frame	Notes
Maintain Access to the physical environment	Review current facilities, changing facilities and disabled toilet.	Head teacher  SENCO to liaise with Estates Manager for physical environment assessment	Short term	Termly	
IConsiderr access to the Early years and Key stage one classes form the playground. Currentlty there is a step ncrease number of upper KS2 toilets and create designated disabled toilet to prevent overuse by others.	Liaise with finance department to submit plans for a ramp	Head teacher	Long term	Summer 2022	

Access to the curriculum -					
Accessibility Outcome	Action to ensure Outcome	Who responsible	Long, medium or short-term	Time Frame	Notes
All classrooms are fit for purpose both acoustically and visually to ensure there are no barriers to learning	Audit each classroom and learning spaces for acoustic qualities and conduct review of visual aids and impediments such as glare / reflection on screens.	Headteacher  SENDCo to carry out assessments and seek professional advice related to individual pupils.	Short term	Summer Term	<b><i>Budget for replacement of defective venetian blinds with roller blinds. New lighting to be fitted in areas around school, managed by the Trusts estates team.</i></b>

Teachers' practice in delivering a differentiated curriculum it is always judged as good or better.	Audit of teachers training needs in their understanding of a range of SEND	Headteacher & SENCO	Short term	Spring Term	
All Children achieve their potential and are fully included in school life.	Subject leaders monitor planning and outcomes for differentiation	Subject Leaders	Short term		

Access to information advice and guidance - statutory					
Accessibility Outcome	Action to ensure Outcome	Who responsible	Long, medium or short-term	Time Frame	Notes
Improve the delivery of information to pupils with a disability	Ensuring consistency of signage and visual symbols throughout the school setting.  Audit current signage and identify gaps	Headteacher liaising with SENCO	Short Term	Summer Term
