

# Mullion Community Primary School

I can't quite believe that we are at the end of our first half term. It has been an eventful 6 weeks; from welcoming our new reception children and families, to launching our new school vision and aims, a wonderfully successful open evening, reshaping the PTA, too many sporting events to count and then finishing with this week's Halloween disco which raised £230! It sounds like everyone has earned a well-deserved rest!

Next half term looks to be just as exciting. Chartwells have a new menu being launched (attached to the email) and after how it went down at our open evening, we are sure lots of you will be joining in! We will see the return of the Christmas Fayre on Friday 2nd December and, of course, the children's Christmas performances too. More information will follow after half term on these events.

This week we have also sent letters home regarding the Year 3/4 residential to BF Adventure and the Year 5/6 residential to Bath. We know that many of our families are feeling the pressure of the current financial crisis in the cost of living, but we also know that residential visits are important to you and the children. We want all pupils to take part in these trips so, as always, have put payment plans in place to help in managing payment. There is also support for pupils on our pupil premium register. If you think that this may apply to you, or you have not claimed for free school meals but think you might be able to then please get in touch with Mrs Coombe or Mrs Morgans who can help you with this.

To continue in our support with families, we are hosting our first coffee morning through a meeting with Community Energy Plus on Monday 7th November at 8.45am in the hall. In the meantime, you can find out a little more about their support here: <https://www.cep.org.uk> But, please come along to see if there is any support available to you.

Finally, just a polite reminder that Monday 31st October is an Inset Day for us. The teachers are all attending training with Truro and Penwith Academy Trust (TPAT) who the school will be moving to from the proposed date of 1st January. We look forward to seeing all the children and families on Tuesday 1st November.

## Maths Super Shout Outs!!

Mrs Savage, our school's Maths Leader, would like to share a HUGE well done to Starfish Class this week for their dedication and determination to improve in their KIRF (Key Instant Recall Facts) this half term. With Miss Hayhurst's, Mrs Brown's and Mrs Morris' support and passion for maths, as well as lots of practise at home, the children have improved hugely in their instant recall of number bonds to 100. Three children in particular, Ava, Betsy and Freddie, popped down to Surfers class to show Mrs Savage their 100% scores this week. The progress they have made across the seven weeks is absolutely outstanding! A huge well done to those three, and to all of Starfish Class. Also, a special mention to Catherine and Annelise, who have made significant progress across the half term.

It just shows what hard work and dedication can help you achieve! I hope to hear of some super KIRF successes from other classes next half term too!

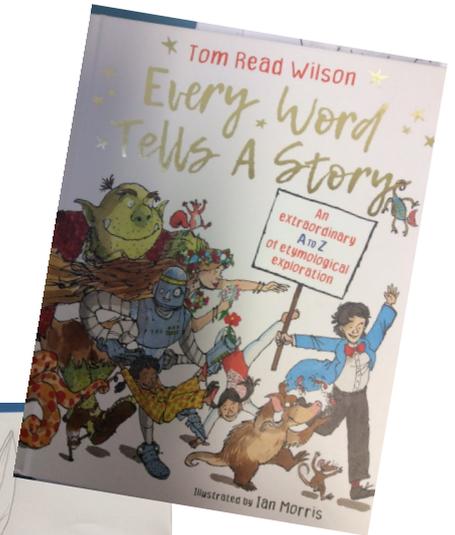

If your child has something special they'd like to celebrate or share with us then please do send it in or email:

# A School Snapshot

On Thursday, Starfish enjoyed an online, interactive workshop with the author and tv celebrity Tom Read Wilson and the illustrator Ian Morris. The children really enjoyed listening to Tom reading extracts from his books. We were all amazed by Ian's drawing skills and the way he was able to produce illustrations based on the children's imaginations. The children got to draw along. Here are some of their super efforts.

# School Council News

This week the school council met and discussed fundraising events to raise money for our school. We have kindly been donated some money to buy books for our school. We would also like to update our trim trail. We would love some ideas for fundraising.
